Welcome to AIBT VET for Schools

The Adelaide Institute of Business and Technology (AIBT) is a highly successful registered training organisation, teaching nationally recognised vocational education and training (VET) qualifications to adults and school students in Adelaide since 2010.

Nearly 50 percent of SACE students choose to study vocational education and training courses to support them to complete their SACE. (Professor Martin Westwell, Chief Executive, SACE Board of SA, VET edition video published 14 May 2020).

Our Certificate III and Certificate IV courses deliver skills for students to access career opportunities during and beyond high school, to strengthen their Australian Tertiary Admission Rank (ATAR), as well as graduating with their SACE.

Our AIBT VET courses for school students have been carefully designed to support skill shortages in Adelaide and Australia. Most of these courses are offered after school hours in our Rundle Mall campus. Our courses are designed to prepare students to be WORK READY. We can also cater for students wishing to undertake their courses online.

We believe that education is the best path to personal and professional growth. Education benefits students, families, and our wider community, equipping students with the skills and knowledge they need to reach their potential and pursue their desired future career pathways.

Welcome to AIBT

South Australian Government Subsidised Training

Preamble

You may be eligible for government subsidise to undertake Nationally accredited VET for Schools courses through the Adelaide Institute of Business & Technology. In preparing this prospectus we have consulted the most up to date Subsidised Training List 9.1 (STL 10.0) effective 17 July 2024 and VET for Schools Students List (updated 15 May 2023). published by the South Australian Government.

Procedure

Students in year 10, 11 and 12 need to consult their school coordinator or pathways coordinator to discuss their VET study and the VET course they want to take. The VET Readiness Orientation (VETRO) process is then required for school students looking to access a subsidised course.

Please visit: providers.skills.sa.gov.au/Deliver/Upfront-Assessment-of-Need for more details about the VETRO process.

FOR FURTHER INFORMATION on VET IN SCHOOLS and Financial Assistance talk to your school's VET coordinator or pathways coordinator.

Visit: <https://mytraining.skills.sa.gov.au/training/thinking-about-vet/vet-for-school-students>

VET for School STAFF

Ann is a qualified and experienced educator with a Bachelor of Teaching - Education & Training of Adults, qualifications in Business Management, Hospitality, Real Estate, Project Management, Retail and Police studies.

Ann currently works as a business development manager and consultant and as an industry trainer and assessor and a mentor and coach. She is a strong advocate of continual learning and innovation in business leadership and management and personal development.

Ann Greci
VET for School Students
Coordinator

VET for School

Faraz Khan

Faraz is AIBT's Information Technology Coordinator. His educational background is in Digital Communications and Masters in Science (Digital Communication Networks) from London Metropolitan University. Additionally, he has a Masters in Business Administration degree and worked for iiNet and IP Partners for 3 years. Previously, he has worked as an ICT Trainer for Jabin Hopkins Institute of Technology providing training in ICT for Certificate 3, Certificate 4, Diploma and Advanced Diploma Level. He has various vendor-based certifications throughout his 17 year career which included CISCO, Microsoft, Juniper and VMWARE.

Leu is passionate about the delivery of quality training and has over 30 years of business and technology experience, training and facilitating within government, private sectors and simulated business environments. Leu is a patient, enthusiastic and focused trainer who communicates clearly and effectively within diverse environments, incorporating innovation and resources for an enjoyable learning experience.

Leu Zaknich

TRAINERS

VET FOR SCHOOL

Wesley Li

Wesley Li is a distinguished educationalist with a profound passion for transformative education. Holding a Bachelor's degree in Education, Graduate Diploma of Management, a Master's degree in Teaching, and an MBA, Wesley brings a unique combination of educational expertise and business knowledge to AIBT. As he continues his mission at AIBT, Wesley's influence extends beyond imparting knowledge, fostering a culture where education is celebrated as the foundation of personal and professional development.

Andrew is an experienced trainer who has designed and taught Certificate III and Certificate IV in Business, Micro-Business and in Leadership and Management.

Andrew has been a business coach, coaching and training individuals and groups in all aspects of business operations, and especially in how to set and achieve goals and promote their businesses.

Andrew Inglis

SCHOLARSHIPS

Adelaide Institute of Business and Technology (AIBT) offers scholarships both for international and domestic students. Our scholarships are provided to candidates who have demonstrated a high level of academic achievement, or outstanding performance in the workplace.

To be eligible for a Scholarship, you must meet the following criteria:

- Entry requirements of the program which you are applying;
- Evidence of high level of academic performance;
- Able to show commitment to completing studies
- Long term plans for career or further studies.

Note: Payment plans are available.

Scholarships Application Key Dates

Intake 1
27 January 2025

Intake 2
28 April 2025

Intake 3
21 July 2025

Intake 4
13 October 2025

Please send the scholarship application form to katlyne.bundal@aeg.edu.au
For more scholarship information, please visit
www.aibt.edu.au/enrolment/scholarships

WHY AIBT?

1. Multiple start dates and delivery methods

We understand that students do change their minds with their school core subjects once the year has commenced. Our flexible VET course options can work for such students. Individual Study Plans are developed to ensure students finish in time for their chosen pathway outcomes. All our courses use a mixed delivery mode. And we use a variety of assessment methods. Students can access our experienced learning support team in Adelaide and Melbourne campus.

2. Cost Effective career pathway to University

Save time and money by investing in your future at AIBT. You can continue with AIBT post school Diplomas and Graduate Diploma courses, full-time or part-time. Recognised by universities Australia-wide, these fully accredited post-school qualifications are less expensive than university and can give you the equivalent of up to 1.5 years of a degree in credit – meaning you pay less for the same quality education.

3. Convenient & Safe Locations

Located in the heart of the Adelaide and Melbourne city centres, AIBT gives you direct access to key facilities such as libraries, shopping centres, food courts and public transport. On campus, you will be welcomed by our friendly staff and experience a collegiate learning environment in which students collaborate with each other, sharing their many varied and amazing backgrounds and cultures.

4. Experienced and Caring Trainers

Our qualified AIBT trainers all have industry experience, ensuring you get training which is up-to-date and relevant for your future career. Trainers take an individualised approach to each student and provide intensive support to ensure successful completion of our courses.

5. Welcoming & strong learning and well-being support

We consider each student as an individual person and have services in place to provide a variety of support, not just for academic matters but also for wellbeing. Where we can't meet a student's unique needs we have a network of specialist support services that can help.

Student Testimonials

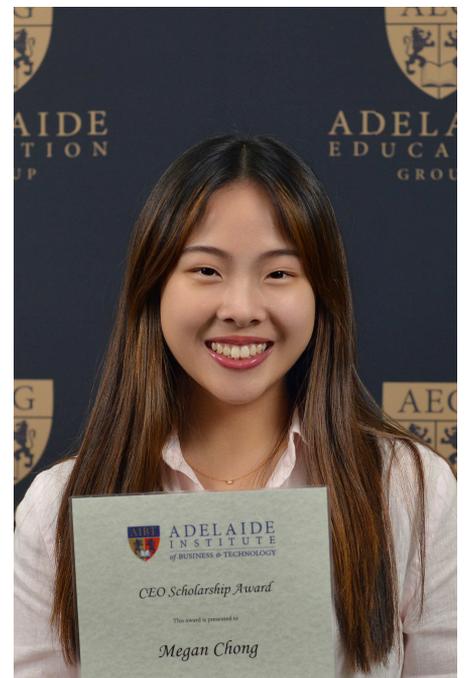

AIBT have offered an astounding level of support. They truly care for the students involved with the VET course and aim to achieve a pass on all criteria. Our teacher is very organised, and understands how overwhelming all our subjects can be, and hence, assists us in any way that might benefit us in our VET course; whether it be an extended due date, or sitting beside us to assist in our assignments. The e-books are quite handy and are always available when we need to refer to them. All in all, AIBT is very focused on their students excelling and succeeding in all criteria associated to the VET course.

*Kaitlin DL (Temple Christian College),
Certificate III in Business Administration (Legal)*

I heard about AIBT Vet in Schools program from my parents. I did the Certificate III in Business Administration (Medical) at AIBT. I chose this course because I want to pursue something in the medical field in the future. I hoped in doing this course it would allow me to delve into what it would be like working in the medical industry as well as broadening my knowledge and medical vocabulary. The best part of studying with AIBT is learning more about the business side of the medical industry and meeting new people every day. Also, I found the location ideal due to easily accessible public transportation and a variety of options at lunch time.

*Megan C (St. Ignatius College student),
Certificate III in Business Administration (Medical)*

School Testimonial

Students from St Aloysius College have been accessing VET programs through AIBT for a number of years and have found courses and staff accessible and flexible. In particular, students enjoy the choice of attending either one evening per week or through the fast-track mode with attendance in blocks during school holiday periods. It is not unusual for students to be engaged in part-time or casual employment, and to have sporting commitments in addition to their schooling. Therefore, the flexible options of attendance are suited to many and allow the incorporation of VET into their schedules. All courses completed by students are fully accredited and align with interests and SACE completion.

AIBT offers a range of courses with those most commonly selected by St Aloysius College students being Certificate III Business, Certificate III Business (Medical Administration), and Certificate III in Legal Services. Communication between AIBT staff, students, parents, and the school has been open with clear processes in place for enrolment and completion. As a school Career Counsellor, I have found trainers and administrative staff to be most professional, accommodating, and encouraging for students. Additional support is offered by trainers when required to ensure that students have every opportunity to complete their VET qualifications as well as SACE successfully. Student wellbeing is integral to the relationships developed which ultimately supports student success.

AIBT continues to provide excellent VET opportunities for students at St Aloysius College and we look forward to continued collaboration in the future.

Julie Stephenson
VET and Careers Coordinator, St Aloysius College

BSB30120

Certificate III in Business

This qualification reflects the role of individuals in a variety of business services job roles. It is especially relevant to individuals who are establishing their own approach to work and their own performance standards. CHC33021

Certificate III in Individual Support (Ageing)

This qualification reflects the roles of health care workers in the community-setting home care and/or residential facilities who follow an individualised plan and provide person-centered care to individuals who may require support due to ageing or disability or from needing home support. The work involves using consideration and judgement in relation to individual support as well as taking responsibility for oneself. The students will gain a range of factual, practical and procedural knowledge, as well as theoretical knowledge of the concepts and practices required to provide person-centred care and approach. 120 hours of practical work placement and assessment at a residential/aged care centre is compulsory for each student to complete the qualification.

Campus

CHCCCS040	Support independence and wellbeing
CHCCCS041	Recognise Healthy Body system
CHCCOM005	Communicate and work in health or community Services
CHCDIV001	Work with diverse people
CHCLEG001	Work legally and ethically
HLTINF006	Apply basic principles and practices of infection prevention and control
HLTWHS002	Follow safe work practices for direct client care

Elective Units

CHCAGE011	Provide support to people with dementia
CHCPAL003	Deliver care services using a palliative approach
CHCAGE013	Work effectively in aged care
CHCAGE007	Recognise risk of falls
CHCCCS033	Identify and report abuse
CHCDIS012	Support community participation and social inclusion

Stackable

VET courses beyond the flexible industry programs cater to school students and are referred to as stackable VET options. These are brief courses that grant SACE credits and have specific objectives:

- Offering pre-vocational skills.
- Enhancing work preparedness.
- Providing a chance to explore various fields before committing to a particular qualification.

AIBT offers the following Stackable VET courses that are particularly suitable for students who wish to experiment with different areas or acquire skills for part-time employment in Australia.

Introduction to Business

Units of Competency
